SABBATH DESERTION.

Some people seem to have a very hazy conception as to what Sabbath desecration really is. They seem to think that as long as they do not interfere with their fellow beings' business and attend to their own they are perfectly justified in following their lawful calling on that day, or to enjoy their day for sporting. It is certain that their idea of divine and moral obligations is blunted or that their early religious education has been sadly neglected—perhaps both combined. In a law-abiding land, where ministers of the gospel, of every denomination, are to be found, where the enlightenment of Christianity is seen on every side, when the laws of God and man are looked upon with respect and veneration, it is certainly a deplorable and altogether needless thing to find people wantonly violating these laws. Persons must not come here from Brandon and other places and expect to do with impunity what they would not dare to do at home, neither must mechanics pursue their labor on the Sabbath and expect to escape the censure of all right-thinking people.

WALLACE COUNCIL.

A meeting of the Council of the Municipality of Wallace was held at the Virden Hotel, Virden, on the 12th of September.

Present: Angus Wood, Jolliffe, Tapp and Evans.

Minutes of last meeting read and confirmed.

WARD NO. 5.

[From Our Own Correspondent.]

Mr. James Bennett has threshed nearly five thousand bushels of wheat and has a large quantity of grain to thresh yet.

Mr. Henry Willoughby, from Arrow River, is visiting friends in this locality. He says wheat north of the river is a better sample than it is here.

As there are several in this district owing money, who have not much to do with their wheat during the winter, it is expected that there will be great competition when "Wheat" gets the chance for clearing this road to Virden, and it is expected to be a good steady job.

A terrible accident occurred here on the 23rd inst., caused by an unruly team of oxen. It appears that Mr. Thomas Nicholas had decided to go on a gallop to the north end of the town, and on his way back, when he was about four miles distant, in the so-called "tailgate" everything went smoothly until about half the distance had been completed, when the horse wheels became frightened by a badger on the roadside and struck off on a gallop. Thomas became upset and heaved at the top of his voice to his Montana team to loosen their speed, but of no avail. On rushed the rearguard with lightning speed until they came to Mr. John Mayhew's house. Thomas shouted "go" and the team started off at a gallop and struck off on a gallop. ing season. Of the wheat crop on the whole, the word will be "average." It was so well matured that the frost did not do much injury. Throughout the season of the harvest the only difficulty which seems to develop the farmers at present is, how they are going to store away their grain, in consequence of their not having granaries. The moral of this year's harvest, and also of that of the two previous years, tend to direct the farmer's attention more to stored farming than to be wholly depending on his wheat crop.

GENERAL NEWS.

Sixty-two telegrams are to come into operation in Great Britain to-day.

The Scott Act was carried in Parliament by a majority of 400.

The Brandon Farmer's Union are making arrangements for the forwarding of grain to Liverpool, and have also ordered 10,000 bags in which to place it.

The Brandon Board of Trade has been fully organized, and have expressed to Lord Lansdowne their desire that they should request the Government to appoint a grain inspector at Brandon.

The Mount Chief Hotel, in a letter dated June 10th, informs the Agricultural Protection Society that 11,850 Merton have already joined the Blue Ribbon Army, and that other adherents are still taking place.

The first line of railway extending from Brandon to Lashburn is expected to be completed by the Government, who had the opportunity of seeing a mining town of over four hundred people, which a few weeks ago had a population of but fifty.

The following letter has been received by Rev. Fraser, of Manitoba, from the Minister of the Interior, and will be of interest to the ratepayers of this and adjacent counties:

Sir—I have the honor, by the direction of the Minister of the Interior, to acknowledge the receipt of your letter of the 20th ultimo, with reference to the taxation of homesteads and pre-emption lands.

It is regretted that the Minister of the Interior, who has the opportunity of seeing a mining town of over four hundred people, which a few weeks ago had a population of but fifty.

The Virden Advance

THURSDAY, OCT. 1st 1883.

VIRDEN AND VICINITY.

Agricultural show at Virden next Tuesday.

Mr. McGaw, of Ogilvie's firm, was in town on Tuesday.

The subscription price of the Virden Advance is only \$1.50 per year.

The Judges' show plough will be working at the Dennis Agricultural Show, next Tuesday.

Mr. J. N. Malby succeeds Mr. J. Buchanan as Secretary, Treasurer of the Western Judicial Board.

The meeting of the R. A. P. degree of the Orange Society, meets in Virden to-morrow (Friday) night.

When you are in town for the show don't forget to call at our season and subscribe for the Virden Advance.

Mr. R. M. Simpson left for Winnipeg this morning, to attend the medical college. He will not return till next spring.

A young live owl is on exhibition in Mr. Froben's store, which he caught a night or two ago as it was fluttering against his window.

Rev. F. F. Davis will preach next Sunday morning at Mr. Shaw's, in the afternoon at Mr. Stewart's, and in the evening at Virden.

Carpenters were at work on Sunday last on one of the buildings now being erected in the town. Who is responsible for this outrage on Christianity?

Merchants and agents for loan companies wanting dollars for show day can get 100 per cent for \$1.50, or 500 for \$2.25, at the office of the Virden Advance. Send your order in at once.

The Sabbath school musical service announced for last Sunday was postponed, owing to some of the teachers being away during the service on Mr. Shaw's farm. The service will be held next Sunday afternoon.

A meeting of the Directors of the Dennis Agricultural Society was held in Virden on Saturday last, when it was resolved that the admission to the show should be ten cents, instead of twenty-five cents as advertised.

The close season for all kinds of deer, including caribou, elk, or wapiti, moose, reindeer, or caribou, and fawns of such animals, ends today, so from now they may be shot and hunted until the first of January, except on Sunday.

Two persons, strangers to the town, were observed walking through the streets of Virden, carrying guns, just before time for Divine service, last Sunday morning. They returned to the town shortly before six with well filled bags. How does this look for a Christian country?

A deputation from the Presbytery, consisting of Mr. McRobison, Superintendent of Missions, Rev. Mr. Douglas, of Brandon, and Rev. Mr. McFarlane, of Chelms, will be in town next Monday, to confer with the presbytery and harmony in the Presbyterian church here.

It is rumored that Mr. Kennedy, our worthy Registrar, leaves for Winnipeg this morning to see the fair, in the hope of bringing the fair home with him the latter part of next week. Come does not accompany the master, but (as usual) will be seen bounding round the hotel back door.

On Monday evening the boys turned out in full force and made a fire guard around the town. A very wise precaution, seeing how dry the ground is at the present time. If it is about time that another step should be taken to guard against fire, viz: the formation of a fire brigade!

We have received a copy of Wagner's guide to post office and stage routes. It gives every post office in Manitoba and also a large proportion of those in the Northwest, together with the route taken by the stages to reach them, and the number of miles between offices. Copies are for sale at the bookstore.

Mr. J. C. Cameron, Superintendent of Education, was in town on Monday evening. He met the trustees of the Virden School District and was greatly impressed with the soundness of their school recommendations being provided for the town. From what he said it is probable that the Government will authorize a loan sufficiently large to enable the trustees to build at once.

We were not aware until last week that Lord Lansdowne was in the habit of preaching, but by the following paragraph, which appeared in the Brandon Mail, it would appear that His Excellency did so on the occasion of his recent visit to this city: "Lord Lansdowne and staff attended Divine service in St. Mary's Church, Sunday morning, Rev. J. C. Fortin, of St. John's College, Winnipeg, officiating. In the afternoon he addressed the Virden school, and in the evening again preached to a large congregation. He is an earnest and eloquent speaker, and unfolded highly to all who had the pleasure of hearing and meeting him."

Don't forget the Methodist public dinner on the day of the show.

Our genial postmaster has removed into his new premises on 7th Avenue.

There are rumors in the air of a grand ball to be held in Virden in the near future.

The office of the Virden Advance will be removed shortly to the new postoffice block.

Rev. Mr. Woodworth, of Brandon, preaches next Sunday evening in the Methodist church.

During the past week 4,000 bushels of wheat have been shipped from Ogilvie's elevator at this point.

Mr. F. F. Davis, dentist, of Brandon, will be in town on the 6th and 7th of this month. He can be seen at the Central Hotel.

Trains of stock are now daily passing over the line of Chicago market. Upwards of 12,000 head of cattle are to be brought from the west this way.

Mr. Froben's has removed into his new store on Nelson Street, which has been fitted up in good style. The painters are now decorating the outside of the building.

The entertainment in connection with the holding of the Dennis Show, at the Virden House, it is to be a public dinner and every one is invited to attend. Tickets may be obtained of Mr. R. Bellamy and others.

Destructive Fire.

About one o'clock on Sunday afternoon last, fire was discovered on the farm of Messrs. Mer and Alex. Austin, about two miles from the town. A large number of neighbors and citizens soon arrived at the spot and did their best to check the destructive flames, but their endeavors failed to save the property. The fire consumed the whole of the farm machinery, consisting of binder, reaper, wagon and truck, and, moreover, all of which were new; also from 800 to 1,000 bushels of their best grain; in stock, hay stack and implement shed. The origin of the fire is shrouded in mystery, as no person lives on the farm nor were there any parties there in the neighborhood at the time of the outbreak. The fire was discovered from one of the stacks. Bel for the promptitude of Miss Austin, who lives on an adjoining farm, the loss could have been much less, as there were several cattle secured around the stacks which she went to feed. Two men were seen to drive away from the place just before the fire was discovered.
